The submission of the translation of the priority document FR9907612 overcomes the WO 00/76384 reference and thus the rejection.

Reasons for Allowance

2. Claims 13 – 26 are allowed.

3. The following is an examiner's statement of reasons for allowance: Applicant's submission of the translation of the priority document FR9907612 overcomes the rejection. While Anthony (US 4,449,391) which teaches separating cotton by maturity or micronaire is considered to be the most pertinent art, Anthony fails to teach or suggest incorporating cotton of two different micronaires into a composite material where the first outer layer comprises fine fibers of a low micronaire and the second outer layer comprises fibers exhibiting a micronaire value higher than the lower micronaire value of the first outer layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
